

KAYAK CART - UNIVERSAL

This cart attaches to any kayak via straps and buckles. Pneumatic wheels allow this cart to roll more easily over rough terrain. Padded "hull-centering" bunks keep the kayak centered on the cart while the tie down straps hold the cart firmly to the boat. Carries loads up to 150 lbs. Welded Stainless steel construction. Wheels are easily removable.

80041 UNIVERSAL CART \$145.95

MINI KAYAK CART

An easy way to pull your kayak around. Durable and lightweight, it simply straps on to the hull and off you go. Stores neatly in your hull's cargo bay while you're paddling. Best on smooth surfaces, not all-terrain.

72080 Mini Cart \$75.95

POST COLLAR / CLAMP KIT

Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues. Fits all year-models of Hobie plug-in carts. Standard on current carts.

80044201 COLLAR / CLAMP KIT \$10.25

COVERS

HOBIE TANDEM ISLAND SHOWN

KAYAK COVERS

Protect your kayak from the effects of the weather, UV rays, dirt, leaves and birds. We have chosen four sizes to fit the entire line of Hobie Kayaks. These covers are easy to install or remove, fits over the hull (like a fitted sheet on a mattress). Straps and pull string adjust for a tight fit. Cross straps secure the cover on your hull for windy conditions. Heavy duty UV resistant canvas material in a neutral color for better aging. These covers fit over the hull when upright or upside down. To help prevent distortions to the hull bottom shape, Hobie recommends that our kayak hulls be stored upside down resting on the cockpit rails. This is also best for deflecting rainwater and prevents water pooling in the cockpit or on the cover. When planning to store a hull upright, be sure to properly support the hull bottom to prevent hull distortions.
