

# KAYAK CARTS

Kayak Carts are a must for easily transporting your kayak from car to water's edge. Simply roll the kayak down to the water and off you go! All of the latest Hobie Kayaks can use "Plug-in" carts. "Plug-in" carts do just that... they plug right into the bottom of your kayak. Choose Standard for light duty and solid surfaces, Heavy Duty for heavy loads and rough terrain or the "all-terrain" Hobie Trax "2" version which is the best over soft sand. Each cart has a sturdy stainless steel frame. Some older models or other brands of kayaks may require the use of a cart that straps on.

**CART KEEPER FEATURE (fig. 1a)** Standard on Hobie Plug-in carts! After insertion of the cart, pull the dome pin out and re-insert as shown to keep the cart captive. **POST COLLAR / CLAMP FEATURE (fig. 1b)** Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues.

**CAUTIONS:** Be certain that the cart inserts clear through the kayak and protrudes into the cockpit / cargo area surface. Kayaks should never be left on carts for prolonged periods of time.

DOLLY W/ 42 cm BEACH WHEELS  
80046200 AI/TI DOLLY SHOWN

DOLLY W/ 38 cm TUFF TIRES

**HOBIE KAYAK DOLLY** Full size dollies for the Adventure / Tandem Island or Pro Angler / Universal includes a hull / ama cradle, and a pull handle. Much stronger and easier to load and use than plug-in carts for larger, heavier models. Two different wheel styles allow for optimum performance on hard pack surfaces – or soft sand beaches. Choose beach wheels for use over soft sand or other surfaces.

Choose the tuff tire if your launch surfaces are solid. The handle makes it easier to insert or remove the cart under the boat or pull along when un-loaded. The handle also acts as a "kick-stand" to keep the cradle upright during loading. The handle and wheels are easily removable for storage. The Pro Angler / Universal dolly will fit a wide variety of Hobie Kayaks including Pro Anglers, Outback and Oasis.
