

# HOBIE-TRAILEX ALUMINUM TRAILERS

## TRAILERS

Anodized aluminum trailers by Trailex, custom designed for Hobie. The best trailers for light weight and long, low maintenance, life.

**Getaway / H16 / Tiger trailer** (Pictured here) is shown with optional double rollers. Includes forward mast stand. Rollers or cradle attachment hardware is optional. Double roller kit is recommended for Getaway, H16 and similar cats. Cradle attachment kit is recommended for Tiger or other cats to 18' using cradles. Order roller kit, cradle attachment kit and cradles separately. An optional rear mast stand is also shown.

**Wave / Bravo** trailer has single rollers and carpeted bunk guide pads for the hulls to rest on, does not include a forward mast stand (Optional, order separately).

<b>38651200</b>	REAR MAST STAND	<b>\$149.00</b>

**Trailer prices DO NOT include freight to dealer or assembly costs.**

## TECH TIP!

### TRAILEX ALUMINUM TRAILERS

Why Aluminum? It is long lasting (Does not rust or corrode), It looks good for a lifetime. It holds it's value. In today's busy World, it is one thing that needs no maintenance.

Bolted aluminum to create the lightest trailers. The bolting eliminates materials and weight, makes a modular unit and remains strong.

1/2 the weight because of high tech aluminum extrusions.

Lightweight means better gas mileage! Can also be towed with smaller vehicles. Less wear and tear on your vehicle.

## HULL CRADLES

For rounded fiberglass hulls, cradles distribute the trailering loads over 800 sq. in. of the hull to assure there are no excess stresses while trailering. Custom molded H20 version fits all Hobies but the Hobie 21SE/21SC/Fox/Tiger/FX One. H20 Rear cradles include tilt bracket for easy off and on loading of boat on trailer (Includes installation hardware).

<b>48000001</b>	H20 Style Set of 4	<b>\$352.00</b>
<b>48030001</b>	Front - Pair	<b>\$173.00</b>
<b>48040001</b>	Rear - Pair (with tilt)	<b>\$208.00</b>
<b>1624</b>	All others - pair	<b>\$127.99</b>

TRAILERS/STORAGE

## SAIL STORAGE BOX "TOY BOX"

The original Toy Box! Made by roto-molding as one seamless piece with molded-in graphics. Big enough to hold two sets of Hobie sails, booms, daggerboards, rudders and have room left for odds and ends. The bottom is ribbed to allow wet things to drain. There is full access from front and back, even with the boat on the trailer. Mounting hardware is not included. This storage box doesn't care if you sit on it, fill it full of rocks and drop it from 10' or however else you brutalize it. It's tough.

Length 10' 4", Width (rear) 21", Depth (rear) 13", Width (front) 19 1/2", Depth (front) 10", Weight 55 lb

**Prices DO NOT include freight to dealer.**

**1825WHT** One piece sail box. Additional freight charges may apply. **\$469.00**

### TIE DOWN STRAPS

This outstanding four strap system features patented over center cam action locking buckles coupled with super-strong 2000 lb. test web straps and hooks. The tie downs secure your boat to any trailer in seconds. Full 1 year warranty on all parts. Custom Tie Downs come complete with all mounting hardware and instructions.

- 1791 Wave Tie Downs \$58.49
- 1793 H14/16 \$79.59
- 1794 H17/18 \$79.59

### SHOCKCORD BALL TIES

Lashing the wires to your mast for trailering is quick and easy with this handy tie-down. Use a couple to keep your jib furled on the beach and your sails rolled in the bag. Dozens of other uses.

370 Each \$3.59

### "ACROSS THE HULLS" TIE DOWNS

One piece tie downs with hooks (and retainers) at each end and paddle handle buckle for easy adjustment. Each tie down is 2" wide by 13' long.

1795 Each \$21.40

WAVE

### WAVE MAST TIE DOWN KIT

Includes fiberglass support and shockcords necessary to secure mast to the boat while trailering. Quick and easy to use. (Use of forward holder on Wave SE tramp requires modification, addition of one grommet in forward edge of trampoline).

38650031 Aft only \$58.99

38650041 Set fits mast in 2 sections as shown above \$122.00

### HOBIE MAST CRADLE

Fiber glass mast cradle for the Hobie 14, 16, 17 20 & 21SC. Molded to the shape of the rear cross bar and carpeted to protect the mast and cross bar. Includes a simple single shock cord tie down the secures the cradle to the cross bar and the mast to the cradle.

3175 \$75.99

Mast Cradle for Hobie Wave, 14, 16, 17, 20 & 21SC

### TECH TIP!

**Mast stepping** Usually a two person job. For those days you need help, want to single hand or be able to rig the boat alone for any reason, a mast stepping aid is what you need. The primary function of a mast stepping aid is to raise the mast while restraining side movement induced by a cross wind. Often it is more difficult to handle the side motion than it is to raise the mast. It's the side motion that breaks or bends the hinges and/or mast base castings.

### HOBIE MAST STEPPER

This system has a gin pole that rests on a foot attached to the trailer. The mast is stabilized by tying a trap wire on each side to the front cross bar. Attach the trailer's winch (not provided) to the forestay and hoist away. Utilizes bridles to stabilize the gin pole while hoisting the mast.

3152 Mast Stepper \$185.00

### MAST STEPPER II

Easy to install because it eliminates the trailer mounted gin pole. However, the Mast Stepper II system does require that the trailer's forward mast support be 30" taller than the mast step. The mast is stabilized by tying a trap wire on each side to the front cross bar. The kit includes all necessary lines, shackles, blocks and instructions. Purchase winch separately.

3155 Mast Stepper II \$52.59

### HOBIE MAST STEPPER III

Specifically designed for the Hobie Getaway due to the rotated mast position when stepping. Step your mast with ease and safety. Specially designed bracket attaches to mast at base. A pole plugs into the bracket to create a gin pole arrangement that allows you to singlehandedly raise and lower your mast. It uses the trailer's winch (not provided) for power. Lines snap in place to eliminate side-to-side sway. Attaches quickly without tools. No modifications to boat. Can adjust to fit other rotated-position stepping masts. May also be modified to work on Hobie 17, Tiger and 20 (no instructions are provided for this modification).

3156 HOBIE MAST STEPPER III \$227.00

3153 Winch-Hand Crank (900 lb. capacity) Winch has a capacity of 40' of 3/16" cable or line - 30' of 3/32". No line included \$46.40
