SAILING GLOVES

HOBIE CAT SAILING GLOVES

Protect your hands while increasing your grip strength. You should wear gloves to properly control the main and jib sheet. Sliding a line through your bare hands is no fun. Gloves add grip strength against the lines which can ease up on the amount of force you need to exert when sheeting the lines back in. Available in small, medium, large & extra-large. (xx = size)
3188xx HOBIE GLOVE **\$19.99**

TECH TIP!

SAILING GLOVES

Get a good grip on your lines. Sailing gloves absorb and distribute the sheet rope load, as well as protect your skin from wear and tear. Lower cost gloves are fine for the casual sailor. The more rigorous the sailing conditions the more a higher quality glove is required. Our high end gloves are double thickness leather in high wear areas, padded to spread out the squeeze load on your hand and reasonably easy to get on and off.
