JIB KITS

JIB KITS

HOBIE WAVE JIB KIT

Bring your Wave sailing up a level. More sail area (Jib adds 25 sq ft) equals more speed and performance. The Wave jib accelerates learning and encourages participation of your crew in sailing. Our jib hardware kit comes complete with bow spreader pole, all the nuts, bolts, and blocks required. Order Jib separately.

| | | |
|-----------------|-----------------------|-----------------|
| 38999001 | Wave Jib Hardware Kit | \$286.00 |
| 38992010 | Wave Jib, White | \$236.00 |
| 38992071 | Wave Jib, Turquoise | \$264.00 |
| 38992007 | Wave Jib, Yellow | \$264.00 |

JIB KIT SPARE PARTS

| | | |
|-----------------|----------------------------|----------------|
| 38999021 | Bow Spreader Pole Only | \$95.99 |
| 38120041 | Tang for Bow Spreader Pole | \$28.99 |

HOBIE 14 TURBO KIT (JIB & FURLER)

Add Turbo power and enjoy the excitement of trapezing from the 14 with the complete Turbo kit (comes complete with trapeze and jib sheeting hardware). A dolphin striker is required for trapezing. If your boat is pre-1982, order the upgrade kit for new length shrouds, chain plates and tramp jib grommets. Order jib separately.

| | | |
|-----------------|-------------------------------|-----------------|
| 80200000 | Turbo Kit w/ Hobie Furler | \$649.00 |
| 80200020 | Turbo Upgrade Kit (pre-'82) | \$94.99 |
| 80200010 | Dolphin Striker Kit (pre-'82) | \$96.99 |

| | | |
|-----------------|---------------|-----------------|
| 10992511 | White Jib | \$430.00 |
| 10992081 | Turquoise Jib | \$463.00 |

TECH TIP!

ROLLER FURLING JIBS

Just roll the jib up when you come into the beach or de-power if it gets too windy. Want to fly a spinnaker? The furling systems work great for easy spinnaker flying. A roller furling jib system can increase the life of your jib by avoiding flogging the jib material while on the beach or between races. Allows you to store the boat without lowering the jib (jib "snorkle" cover suggested). Kits available for the Hobie 20, 17, 16, 14.

HOBIE JIB FURLER SYSTEMS

Just roll the jib up when you come into the beach or de-power if it gets too windy. Speed, excitement and convenience all rolled into one!

HOBIE 16 FURLER KIT

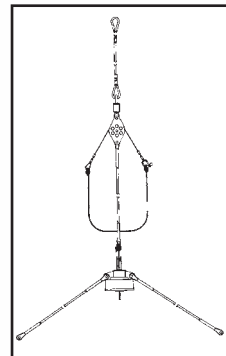

Order a new furling jib separately or requires a re-cut of the standard jib.

| | | |
|-------------|---------------------|-----------------|
| 8001 | KIT W/ Hobie Furler | \$301.00 |
| 8002 | White Furling Jib | \$424.00 |

HOBIE 20 FURLER

Complete jib furling kit. Uses standard H20 Jib. No jib modification needed. Includes patented Hobie furler drum, forestay, halyard system and all needed hardware and fasteners.

48921001 H20 Jib Furling Kit **\$432.00**

HOBIE 17 FURLING JIB (SPORT CONVERSION)

Add the Sport roller furling jib and bow spreader pole to your Hobie 17 for extra performance and easy tacking. You'll be faster upwind, reaching, and tacking downwind. No more 16's passing you down wind in light air. Order jib separately.

| | | |
|-----------------|---|-----------------|
| 52995610 | 17 Sport Jib Hardware Kit (with spreader) | \$937.00 |
| 52992006 | White Jib | \$480.00 |

SPORT "BOOMLET" SAIL FOOT

When the boom is removed, it is much easier for your passengers and crew to travel from one side of the boat to the other while tacking or jibing. 1995 and newer Hobie 17 "SE" race boats can easily be converted to a "Boomless Sport" by adding the "Boomlet".

52722011 '95 and newer SPORT "Boomlet" **\$119.00**

SPINNAKERS

HOBIE GETAWAY / SNUFFER SYSTEM

SPINNAKER KITS

HOBIE 16 / SNUFFER SYSTEM

SPINNAKER SYSTEMS

Quick setup, ease of use, and maximum performance were just a few of the design criteria. Our spinnaker kits provide better sail control with fewer lines. The Spinnaker Pole and Rig Kit contain all the equipment and lines to control hoisting, setting the tack and sheeting the Spinnaker. Just pull on the halyard...the sail is hoisted and the tack is hauled out to the pole end!

HOBIE 16 / GETAWAY* TRUMPET SNUFFER SPINNAKER SYSTEM

- 20999020 Pole, Snuffer, Spinnaker & Hardware **\$1,680.00**
- F16032110 Spinnaker (Colors vary) **\$711.00**

*Designed for Hobie 16, but can be easily be adapted to the Getaway.

HOBIE WAVE

- 38999000 WAVE Pole & Hardware Kit **\$389.00**
- 38999052 WAVE Spinnaker (Call for available color) **\$339.00**

HOBIE GETAWAY

HOBIE WAVE

TECH TIP!

SPINNAKERS

Flying a spinnaker is one of the great thrills of sailing. And one of the great challenges for both skipper and crew. Spinnakers increase downwind speed while actually creating lift at the bows! Few things compare to the thrill of running off the wind under a huge and colorful spinnaker! Spinnakers require special rigging. A survey of the products on these pages will give you a good idea of the options available.

BATTENS

UNIVERSAL BATTENS

Availability of the correct batten has often been a problem. The various models of Hobie Cats all use different batten and taper lengths. In earlier years, each model Hobie used a different color batten. The battens were all the same specification, just a different color. We now stock only white sail battens for all models.

Complete battens sets, cut and tapered to specification length are available for some models. Individual battens are filled from stock as shown in the following table. Batten numbers start from the bottom batten in each sail (#1). Battens are trimmed by purchaser to exact length. Stock batten lengths are shown in the illustrated Hobie parts pages 49-70. (T)=Tapered

- 82010001** Batten (max 107 7/8", min 87 5/16") *not tapered* **\$45.69**
- 82020001** Batten (max 82 3/8", min 72 1/8") *not tapered* **\$33.99**
- 82030001** Batten (max 90 1/8", min 46 1/8") 27" *taper* **\$43.49**
- 82040001** Batten (max 42 11/16", min 39 1/16") 27" *taper* **\$23.39**
- 82060001** Batten (max 100 9/16", min 67 7/8") 27" *taper* **\$44.69**
- 82070001** Batten (max 67", min 51 3/4") *not tapered* **\$19.69**
- 82080001** Batten (max 43 3/4", min 24 1/8") *not tapered* **\$15.99**

SUPER JIB BATTENS

Work your jib with greater ease. Light and limber fiberglass battens virtually eliminate hangups when tacking the Hobie 16 and give your jib superior shape in light air when you need it most. Increases drive compared to the stock jib battens. Not class legal for racing but so nice to use the rest of the time. Complete with end caps.

122 Set of Four **\$35.99**

HOBIE CAT LEACH & LUFF CAPS

Release the batten tension whenever you store your sails. This will prolong the life of your sails. Luff caps and adjustable leach caps are made of high strength, ultra-violet tolerant Delrin®. No knots to tie or untie. Tension adjustment lines not included. Sold individually. 4:1 mechanical advantage allows finer adjustment than does Trentec 2:1 caps.

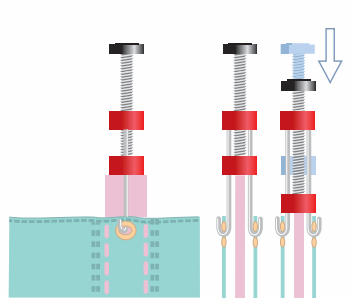

- 11323000** Main Leach **\$3.30**
- 21333000** Jib Leach **\$2.45**
- 11322011** Main Luff Tip **\$1.15**

TRENTEC LEACH CAP SETS

No knots to tie and untie. Guaranteed slip proof. Includes lines.

- 1521** H14 Kit **\$13.15**
- 1522** H16 Main Kit **\$15.75**
- 1523** H18 Kit **\$17.85**
- 1531** H16 Jib Kit **\$8.40**
- 1529** Foam Batten Cap **\$17.85**
- 3/4" H20/P19 **\$17.85**

BATTEN TENSIONER

Talk about precision batten adjustment. This screw thread adjuster allows as fine an adjustment as you want. It clips to the sail (at the batten tie string grommets) and pushes against the end of the batten. No batten cap is required. Use with Trentec Draft Gauges and always know exactly what your sail shape (due to batten tension) will be.

- 1528** Each **\$10.99**

TRENTEC LUFF CAPS

Prevent "poke through"! These Trentec caps slip over the luff (front) end of your mainsail battens to increase the life of your sails and of the batten-pocket protectors. Each cap is molded at the angle to match the angle at which the batten meets the luff.

- 1561** H14 Kit (6) **\$10.50**
- 1562** H16 Main Kit **\$12.60**
- 1563** H18 Kit **\$12.60**
- 1566** H16 Jib Kit **\$6.30**

TRENTEC DRAFT GAUGES

Use these coded, adhesive backed vinyl strips to calibrate your batten tension for each and every wind condition. Scale calibration mathematically calculated for each batten to assure consistent batten tension.

- 1541** H14 Kit **\$5.50**
- 1542** H16 M & J Kit **\$5.50**
- 1543** H18 Kit **\$5.50**

TECH TIP!

SAIL CARE

At the end of the day most cat sailors roll their sails on the lower batten or around the boom. If you do, roll your sail loosely. Any sharp bends in the sail cloth break down the resin coating on the cloth. This weakens the cloth leading to premature stretching or pin size holes that will grow. You can lengthen the life of your sails with careful handling and by using some of the special accessories we offer. The various tapes and sleeves we offer are all intended to protect the sail from sharp edges and abrasive areas on the boat that wear away at the sail's fabric until suddenly there's a hole and next a tear. It's never too late to slow down wear and tear.

BATTEN POCKET ANTI-CHAFE TAPE

Your sail is expensive! Save it from an early grave with space age tape that affords ultimate protection to the batten pockets—where the shrouds eat through the cloth. Even covered shrouds don't postpone this for long! This remarkable material has up to 10 times the abrasion resistance of steel and yet this transparent tape will not hide your sail's colors or leave you with a gummy, unsightly residue that Duct tape and other tapes will.

Great for use on all full-battened sails!

- 1491** H16/20 Main **\$22.89**
- 1492** H14/17 Main **\$13.89**
- 1493** H18 Main 3 **\$31.89**
- 1494** Tape per foot **\$1.90**

SAIL REPAIR TAPE

Don't get caught with your sails down! Extra strong, Rip Stop white tape for temporary on-the-spot repairs to torn sails, canvas, even foul weather gear. Keep a roll in your toolbox for emergencies.

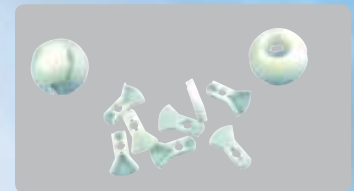

- 1662** 2" x 25' Roll **\$8.50**

SPREADER BAR END COVERS

Smooth and resilient vinyl spreader bar end covers protect the jib luff from wear and tear on cotter keys and sharp edges. A real sail-saver.

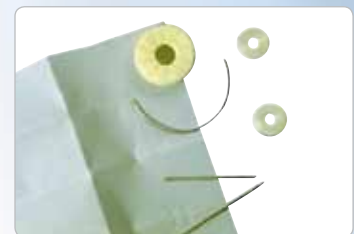

- 3262** Pair **\$11.29**

JIB PROTECTOR KIT

Install hard plastic covers specially designed for cotter keys and Hobie 18 and 20 spreader bar ends. No slitting or taping required.

- 1512** H18 Kit **\$13.25**
- 1513** H20 Kit **\$8.80**

SAIL REPAIR KIT

Takes care of emergency repairs to sails and trampolines. Kit includes 3 different weights of thread, 3 sizes of needles, and 6" x 6" white sail cloth.

- 1665** Kit **\$17.99**

SAIL CHAFE PROTECTOR SET

From Harken. A split roller predrilled to fit up to 3/16" diameter wire. Replaces diamond wire rollers.

- H285** Set **\$29.90**
